UNC Campus Security Initiative

- In 2013, President Ross asked for a review of security practices, an assessment of pending needs, and recommendations for coordinated action.
- The 2014 follow-up review identified 26 findings and 36 recommendations that addressed a wide range of issues, including a periodic (no less than annual) report and presentations to the Board of Trustees.
- In 2018, The System Office issued a memorandum on a proposed policy to provide annual safety and security presentations to university boards for the purpose of keeping decision makers informed.
- Both the Campus Security Initiative Final Report and the system office memorandum are included in your meeting materials.
We have completed 28 of the 36 recommendations.
Campus Climate Survey

Relevant information concerning campus climate and student health and wellbeing

- **UNCG Campus Climate Survey** - measures experiences with sexual misconduct, gender-based harassment, relationship violence, and knowledge of campus resources
- **Healthy Minds Study** - provides self-reported mental health information
- **National College Health Assessment** - provides comprehensive understanding of student health
- **AlcoholEDU** - provides education and assessment regarding use of substances, health behaviors, and understanding of services
- **Skyfactor Resident Survey** - provides information about experience, including safety; study and sleep habits; and substance abuse
- **Wake Forest Wellbeing Assessment** - measures involvement in campus activities, types of activities, and benefits from participating

Master Security Plan

The 2017-2020 Master Security Plan was completed in December 2016. As part of our ongoing commitment to safety and security, we have created a plan that provides for a unified, comprehensive strategy with directives designed to mitigate existing risks, educate the community and deter criminal behavior. The Plan identifies six key goals:

- Goal #1: Centrally Manage Security Risk
- Goal #2: Enhance Security Awareness through Community Engagement & Education
- Goal #4: Implement Measures to Protect Building Perimeters
- Goal #5: Enhance Security of Campus Perimeter & Outdoor Spaces
- Goal #6: Enhance Security of Campus Communications & Infrastructure
Staffing Needs & Cost

1. We are already investing approximately $300,000 in compliance personnel in the form of a Clery Compliance Officer, a Title IX Coordinator, and Title IX Investigator (in addition to the Campus Violence Resource Center);

2. We spend approximately $40,000 or more per year on regulatory training for Legal Update, De-escalation, Fair and Impartial Policing, Accreditation, Firearms Qualification, Clery and Title IX compliance;

3. We spend an undetermined amount of time and resources on student conduct investigations and hearings that include threat assessments, sexual assaults, weapons, drugs, and alcohol violations.

4. We invest significant resources in crime prevention, community relations, mental health, and substance abuse counseling. We receive some funding from the Campus Security Fee that covers a portion of these expenses.
