Compliance Starts With You!

The measure of success of an intercollegiate athletics program should be the degree to which the program contributes to the institution’s mission and academic reputation.

“As an employee or Student-Athlete at UNCG and the Intercollegiate Athletics Department, he/she must adhere to all UNCG, SoCon, and NCAA rules, policies and procedures.”

- UNCG Compliance Manual
NCAA Requirements

• NCAA Bylaw 2.8.1 - Each institution shall comply with all applicable rules and regulations of the Association in the conduct of its intercollegiate athletics programs.

1. Monitor its programs to assure compliance and to identify and report to the Association instances in which compliance has not been achieved.

2. Cooperate fully with the NCAA and shall take appropriate corrective actions.

3. Comply with the applicable Association rules, and the member institution shall be responsible for such compliance.
Association of Governing Boards
Principles for Intercollegiate Athletics

1. While delegating administrative responsibility to the institution’s chief executive officer, the governing board is ultimately accountable for athletics policy in keeping with its fiduciary responsibilities.

2. The governing board must accept accountability for upholding the integrity of the athletics program and ensuring it advances the institution’s educational mission.

3. Governing boards must develop systematic approaches for upholding their responsibilities regarding athletics and apply themselves diligently to that work.
Key Points from AGB Statement on Governing Boards’ Responsibilities

• Board has fiduciary responsibility to all programs: athletics is not distinct.

• Board’s accountability ensures the Chancellor is attentive to the strategy and operations of athletics programs.

• Board must ensure the same academic and behavioral standards apply to all students.

• Board must ensure that student-athletes have the same opportunities for a well-balanced academic, social, and athletics experience.
Board of Trustees

- Fiduciary Responsibility for institution including athletics department
- Oversight and Tone for Compliance Program
Chancellor

• Responsible for the administration of all aspects of the athletics program, including approval of the budget and audit of all expenditures.
• Responsible for assuring that the athletics program is aligned with Mission and University priorities.
• “Culture of Compliance” begins with the Chancellor, who must set the tone that compliance with NCAA rules is of paramount importance.
• Dedicate appropriate resources to ensure that UNCG meets Division I membership requirements.
Athletics Director & Staff

Each individual involved in UNCG’s athletics program is obligated to:

- Know the Rules
- Follow the Rules
- Report Violations

Not Limited to Athletics Staff
Head Coaches

• Supervise and Monitor Assistants
• Head Coaches are presumed to be responsible for the actions of their staff
• Prioritize compliance as part of their daily work
• Post Rice Commission revisions require contracts to include provisions requiring affirmative cooperation with NCAA
The NCAA Standard of Conduct

- Individuals employed by or associated with member institutions have an affirmative responsibility.
- Must do more than avoid improper conduct or questionable acts.
- Moral values must be so certain and positive that those younger and more pliable will be influenced by a fine example.
- Much more is expected of them than of the less critically placed citizen.
Conclusion

• The Board has Fiduciary Responsibilities which includes Athletics
• Responsible for Oversight
