Competition History

The Three Minute Thesis (3MT®) is a skills development activity that challenges advanced degree students to explain their research project to a non-specialist audience in just three minutes.

The University of Queensland (UQ) developed the 3MT in 2008. Enthusiasm for the concept and its adoption in numerous universities led to the development of an international competition.

UNCG’s 3MT is held each year in the fall.
Rules

• A single static PowerPoint slide is permitted.
• No additional electronic media are permitted.
• No additional props are permitted.
• Presentations are limited to 3 minutes maximum and competitors exceeding 3 minutes are disqualified.
• Presentations are to be spoken word.
